CAREER OBJECTIVE

Wish to grab a challenging position that provides the opportunity for the growth in terms of experience and knowledge and use the same for the betterment of the company.

EXPERIENCE

PROGRAMMER ANALYST TRAINEE • COGNIZANT • DATES OCTOBER 2021 – PRESENT
Undergoing training for the role of Programmer Analyst for the "webMethods" technology. Additional technologies trained are Java, MySQL and HTML5.

EDUCATION

B.E, Electrical and Electronics Engineering • August 2021 • Anna University, V.S.B.Engineering College, Karur.
Passed out with a GPA of 8.33/10, with first class.

HSC • April 2017• Uswathun Hasana Higher Secondary School, Pallapatti.
Passed with a score of 90% majoring in mathematics, physics, biology and chemistry.

VOLUNTEER EXPERIENCE OR LEADERSHIP

Had the experience of leading a team because of school pupil leader for two years. I organized many cultural events and sports event. Leading a team of people from different walks of life was highly rewarding. Tackling sensitive situations, managing shortages and substitutes, hosting meetings and bringing a family out of a team was exciting and equally educative.

Have been a part of the SPL in school. Self-motivated, team player, positive-minded, self-learner, efficient time managing and diligent at managing sensitive situations. Highly constructive, competent, and productive with sound knowledge on networking. Participated in all events which was conducted in school and college. Seeking to use proven project management and design skills to improve quality, cost and time metrics with Modern Technology. Currently working at Cognizant and pursuing "Programmer Analyst Training" under the fastest growing webMethods Technology.
